

# Prelab Guide

On behalf of IBM, we are delighted to have you join us in-person for an RBC exclusive event, *AI for Banking*, held at IBM's office at 16 York Street on Dec 04, 2024.

Before the lab, we kindly ask that you all create IBM IDs, please **complete this by December 2<sup>nd</sup> 2024**.

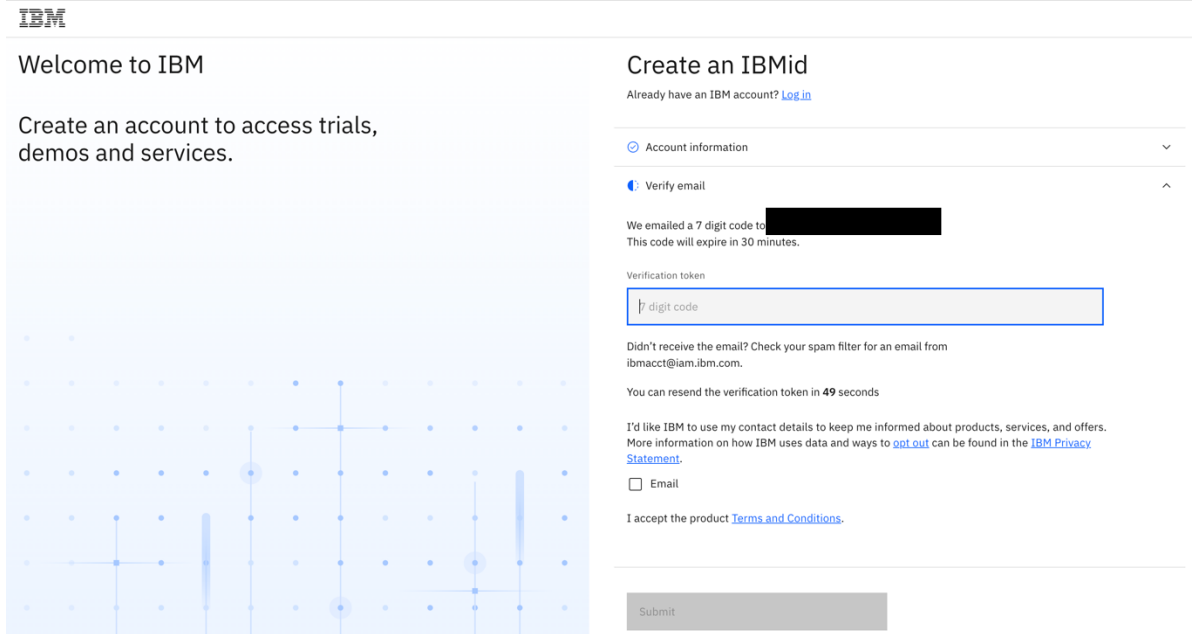

1. Navigate to <https://www.ibm.com/account/reg/us-en/signup?formid=urx-19776>
2. Fill in the required following fields, then select **Next**

Use the email we are sending you this lab guide on (i.e., your @rbc.com email, **do not** use another personal email)

The screenshot shows the IBM account creation interface. On the left, a welcome message reads: "Welcome to IBM. Create an account to access trials, demos and services." On the right, the "Create an IBMid" section is active, with a link to "Log in" for existing users. The "Account information" form includes fields for "Business email" (with a note that it becomes the IBMid), "Password", "First name", "Last name", "Country or region of residence" (a dropdown menu), and "Company". A "Next" button is at the bottom of the form.

3. Check your RBC email inbox and copy the 7-digit verification code and paste it into the field on the IBM sign-up page, then select **Submit**

### About your IBMid Account

By creating, or using, an IBMid to access an IBM Web site or other service, you acknowledge that you have read, understand, and agree to be bound by the below terms, in addition to the terms in the IBM Terms of Use, the IBM Privacy Agreement and the "About your IBMid Account Privacy" section of this notice provide details on how IBM protects your personal data.

Most IBMid accounts are individual IDs, meaning you manage your own account information and access your account through the IBMid login service (i.e. IBMid is the authenticating agency).

If your account is created using an email address containing a domain owned by an organization which you are employed by, contracted to, or volunteer for, your organization can:

- inquire about the status of your ID
- request your account settings (including your personal information)
- at its option, convert it to an enterprise ID.

If your account was created as (or is converted to) an enterprise ID, your organization manages your account information. It is also the authenticating agency for your ID, meaning your access is controlled by your organization's login service.

Great! Now that you've created an account you are all set. See you Wednesday 😊

**Please be sure to do this by December 2<sup>nd</sup> 2024, as this is a prerequisite for adding your IBM ID to the watsonx Orchestrate user group.**
